Once established, the plants can then be used for seed for other local meadows as well as creating an educational resource.
<b>MHO20</b>	Meadow restoration of Lane End Cottage, Mathon	Private Individual	22/23 & 23/24	£1,951.80	✓	✓	✓	✓	This project has restored 1.9ha of traditional wildflower meadow saw the planting of 45m of native hedgerow and fencing to protect the hedge.
<b>MHO21</b>	Hedge laying and orchard planting at Mason's Farm	Private Individual	22/23 & 23/24	£1,416.56	✓	✓		✓	This project has supported the planting of 8 local variety fruit trees with guards and supported the laying of 60m of native hedging.
<b>MHO22</b>	Hedgerow creation and pond restoration at Tundridge Stud	Farming Business	23/24 & 24/25	£17,310.07	✓	✓		✓	The onsite pond has been restored thanks to this FiPL grant, with the project supporting hedge plating and electric fencing to protect the new hedging.
<b>MHO23</b>	Orchard and Pond creation at Crumpton Hill Farm	Farming Business	22/23	£7,717.18	✓	✓		✓	The creation of a farm pond was supported with this FiPL grant, along with the planting of 33 local and traditional variety TE3 Fruit trees
<b>MHO24</b>	All Saints Wood - Forest School	Malvern Hills Trust	22/23 & 23/24	£5,692.20	✓	✓	✓	✓	This project has seen the removal of invasive Laurel, and the appropriate felling of the woodland. The area will be

										replanted with native trees and shrubs and will also include benches for the neighbouring primary school to have a forest school area.
<b>MHO26</b>	Hedge Laying at Cherry Green	Private Individual	22/23	£1,817.60	✓	✓	✓	✓		This project supported the laying of 142m of native hedging, to bring the hedge back into good condition.
<b>MHO28</b>	Hedgerow recreation at Lower Moors	Private Individual	22/23	£2,765.15	✓	✓		✓		This project supported the planting of 145m of native hedging to an existing hedgerow, in need of rejuvenation. The project also supported the appropriate fencing.
<b>MHO29</b>	Woodland Management at Dove Barn	Private Individual	22/23 & 23/24	£6,228.65	✓	✓		✓		Woodland Management and coppicing was supported by FiPL for this project - the woodland in question was immediately next to a SSSI woodland. Additionally, the project also supported the planting of 13 fruit trees and the appropriate fencing.
<b>MHO30</b>	Hedgerow and orchard creation at Wildgoose Hill Farm	Farming Business	22/23	£17,761.20	✓	✓		✓		This project saw the planting of 43 local variety fruit trees and 810m of native hedging to restore the local landscape and improve habitat connectivity. Fencing and tree guards were used where appropriate.
<b>MHO31</b>	Dingwood Park re-creation, Phase 1	Dingwood Park Farm Partnership	22/23	£29,375.19	✓	✓	✓	✓		Dingwood Park is a parkland of local significance. This first stage of the restoration saw pond and tree works, as well as shelter belt fencing and the planting of 30 parkland trees with guards.
<b>MHO33</b>	Hope End Park Restoration - R.A Phase 1	Private Individual	22/23	£9,241.60	✓	✓		✓		Following the MHO06 Management Plan, work to restore Hope End Park has begun with this project, with the planting of 6 parkland trees, 6 in hedge trees, hedge planting and fencing to protect a woodland coppice.
<b>MHO34</b>	Hedgerow improvements at Tan House, Colwall	Private Individual	22/23	£1,775.22	✓	✓		✓		This project funded hedge planting and hedge laying, along with fencing to restore hedge quality of this small holding.
<b>MHO35</b>	Shelter belt creation at the Town House, Mathon	Private Individual	22/23	£4,969.22	✓	✓		✓		This project supported the planning of 0.75ha of shelter belt using native species, fencing for the shelter belt and the planting of an additional 10 local variety fruit trees.

<b>MH036</b>	Reinstating a hedgerow at Long Barn, Colwall	Private Individual	22/23	£918.00	✓	✓		✓		This project supported the planting of 40m of native hedgerow for habitat connection.
<b>MH037</b>	Hope End Park Restoration - Phase 2	Private Individual	23/24	£6,158.80	✓	✓	✓	✓		Working on the actions of the MH006 Hope End Management Plan, this project sees the planting of 10 native parkland trees and guards, along with fencing to facilitate conservation grazing across the park.
<b>MH038</b>	Dingwood Park recreation Phase 2	Dingwood Farm Park Partnership	23/24	£38,160.68	✓	✓	✓	✓		The project is the second phase of the recreation of Parkland at Dingwood. The project will feature the restoration of a traditional Water pump, interpretation signage, the planting of an orchard with fencing and tree guards for the orchard's protection.
<b>MH039</b>	COG TOFI 2023/24 and 2024/25	Colwall Orchard Group	23/24 & 24/25	£70,158.53	✓	✓	✓	✓		Following on from the success of MH002 and MH014, this is a continuation of the "Traditional Orchards for the Future Initiative", which will see the planting of 350 traditional fruit trees planted across the parish, with guards. Additionally, the project will also support maintenance and formative pruning, along with a water bowser for the health of the newly planted trees.
<b>MH040</b>	PA2 to support Hawthorns Barn Restoration (HBRG)	Bromesberrow Estate	23/24	£2,203.20			✓	✓		Project supports development of conservation architect management plan plus building specifications for the proposed historic building restoration as part of the HBRG.
<b>MH041</b>	Two Beacons Vineyard Expansion	Phipps and Co.	23/24 & 24/25	£7,183.65	✓	✓	✓	✓		Supporting the expansion of a conservation orientated vineyard, by funding hedge laying, hedgerow coppicing and hedgerow gapping up across two financial years.
<b>MH042</b>	PA2 to support Redlands Farmstead Restoration (HBRG)	Private Individual	23/24	£5,000.00				✓		Project supports development of conservation architect management plan plus building specifications for the proposed historic building restoration and obtaining of tenders as part of the HBRG.
<b>MH043</b>	Malvern Hills AONB Meadow restoration 2023	Malvern Hills AONB (NL)	23/24	£9,508.00	✓	✓	✓	✓		3 Meadows across the AONB will be restored. The project will see the harvesting of 6 wildflower meadows owned by local landowners and Wildlife Trusts using the MH013

										Brush Seed Harvester, and the purchasing of top-up seed to restore these traditional habitats.
<b>MHO44</b>	Making great two fields of Euendine Lane	Malvern Hills Trust	23/24	£11,811.74	✓	✓	✓	✓		A newly acquired block of land will have fencing and both field and pedestrian gates to support conservation grazing and permissive access. Additionally, the project supported the purchase of a water bowser for cattle grazing across the Malvern Hills.
<b>MHO45</b>	Forest school development and biodiversity improvement and education	The Elms School	23/24 & 24/25	£8,597.71	✓	✓	✓	✓		FiPL is supporting agricultural and environmental education, with funding towards interpretation boards for the school's farm and the addition of shelters to support the on-site forest school. The project also includes a fruit and nut hedge for the children too.
<b>MHO46</b>	Hedgerow planting and improvements for habitat connectivity at Lower Court	Farming Business	24/25	£17,366.42	✓	✓	✓	✓		The project will be gapping up and coppicing hedgerows, and planting a series of new hedgerows, all protected with FG2 fencing, to create and improve habitat connectivity to different blocks of PAW's woodland.
<b>MHO47</b>	Hawthorn's farmyard refurbishment and permissive access	Bromesberrow Estate	23/24 & 24/25	£12,728.94	✓	✓	✓	✓		The project supports the restoration of the medieval on-site moat and dry-stone wall restoration near the farmyard of a Grade II listed house, along with wildflower area and the creation of a permissive access walk along with interpretation signage.
<b>MHO48</b>	Livestock infrastructure and conservation enhancements at Mill Farm	Farming Business	23/24 & 24/25	£35,472.24	✓	✓		✓		Following a large CS scheme and a move from arable to regenerative grazing, FiPL is supporting the applicants with water pipe and livestock drinking troughs, additional fencing for habitat protection and the planting of native hedgerow trees.
<b>MHO49</b>	Pasture and profit in protected landscapes (PPPL)	Pastures for Life	23/24 & 24/25	£24,917.20	✓	✓	✓	✓		Joining up with the Shropshire Hills and Wye Valley AONB's/Protected Landscapes, the Pasture for Life programme applied and received funding for a Pasture for Profit in Protected Landscape grant.

<b>MH050</b>	PA2 to support The Granary Restoration (HBRG)	Eastnor Castle Estates	24/25	£4,750.00				✓		Project supports development of conservation architect management plan plus building specifications for the proposed historic building restoration and obtaining of tenders as part of the HBRG.
<b>MH051</b>	Orchard Planting at Old Country House	Private Individual	23/24	£5,170.59	✓	✓	✓	✓		FiPL will be supporting the planting of 30 traditional fruit trees in the farm's large conservation orchards, as well as a length of fencing to protect the woodland and improve footpath access.
<b>MH052</b>	BASIS Reg courses for Carbon and Sustainable Agriculture	Malvern Hills AONB (NL)	23/24	£2,408.00	✓	✓		✓		The AONB gained approval for both them and the Malvern Hills Trust to undertake BASIS courses in Carbon and Net Zero training along with the Soil Health Series that BASIS offers.
<b>MH053</b>	Hedge laying and orchard pruning at the Town House, Mathon	Private Individual	23/24 & 24/25	£10,860.10	✓	✓		✓		Following on from a Year two project, this FiPL project will continue with hedge laying and see the maintenance and formative pruning of the traditional and recently expanded orchard.
<b>MH054</b>	Woodland and Orchard Management at Dove Barn, Phase 2	Private Individual	23/24	£3,616.00	✓	✓		✓		Continuing with woodland management, the project supports regenerative restocking of the one woodland, along with management in a further two small woodland areas and mistletoe pruning in the traditional cider orchard.
<b>MH055</b>	Wildgoose Hill - Hedgerow works, Phase 2	Farming Business	23/24	£21,597.89	✓	✓		✓		After taking a block of land back in to in house management, the applicant has received funding for hedge planting, hedgerow gapping up and fencing to facilitate herbal lays and livestock grazing on this site.
<b>MH056</b>	Conservation enhancements and forest school facility improvements	The Downs School	23/24 & 24/25	£10,259.62	✓	✓	✓	✓		The project supported the Downs School in restoring the pond with the addition of a silt trap, enhancing the on-site forest school with shelters and storage, and removing the non-native on site conifers for landscape restoration

<b>MH057</b>	Orchard gapping up and meadow infrastructure at The Hollands	Private Individual	23/24	£2,064.00	✓	✓	✓	✓		The project supports the additional of a 12'ft gate to support effective wildflower meadow management as well as the addition of 13 fruit trees and guards to the existing orchard.
<b>MH058</b>	Natural Flood Management at Goose Farm	Private Individual	23/24	£4,825.50	✓	✓		✓		With 50% match from NFM, this project is one for the first Malvern Hills AONB FiPL Projects to look at Nature Flood management, as well as habitat creation with a planted and fenced extension to the woodland.
<b>MH060</b>	<b>*HBRG*</b> Restoration of Hawthorns Barn	Bromesberrow Estate	24/25	£201,436.00				✓	✓	The HBRG will be supporting the stabilising, weatherproofing, and waterproofing of this medieval cruck-framed threshing barn with original features on the Bromesberrow Estate
<b>MH061</b>	Natural flood management: leaky dam creation at Storridge Farm	Private Individual	24/25	£2,320.80	✓	✓		✓		Continuing with Natural Flood Management this project supports the creation of 15 small and medium Leaky Dam structures on one of the headwater tributaries leading towards the Teme river.
<b>MH064</b>	Hope End Park Restoration – R.A. Phase 2	Private Individual	23/24	£2,180.08	✓	✓		✓		This project consists of further tree planting in Hope End Park, following the MH006 Hope End Park Management Plan recommendations.
<b>MH065</b>	Orchard Pruning at The Winnings	Private Individual	23/24 & 24/25	£7,250.00	✓	✓		✓		This project looks to conduct a two-year programme to remove mistletoe from an old perry orchard and maintenance prune in a traditional apple orchard.
<b>MH066</b>	Website development and purchase of cactus guards at Baston Hall	Farming Business	23/24	£2,586.30	✓	✓	✓	✓		FiPL gave a contribution towards the redevelopment of the farms regenerative grazing website and supported the purchasing of cactus guards for home grown tree saplings.
<b>MH067</b>	Orchard Restoration at Vinesend House	Private Individual	23/24	£2,340.00	✓	✓		✓		This project supported the planting of 24 traditional Fruit trees with livestock guards, along with the addition of an Owl Box.
<b>MH068</b>	<b>*HBRG*</b> Restoration of Redlands Farmstead, Colwall	Private Individual	24/25	£128,650.36				✓	✓	This HBRG will support the restoration of Redlands Farmstead; a 1900 building comprising of two pig pens,

										stables, chicken sheds, apple loft and hay loft, all contained in one compact little unit.
<b>MH069</b>	Orchard creation and infrastructure to facilitate grazing at Blackmore Park	Private Individual	23/24	£5,770.00	✓	✓	✓	✓		The creation of a new, mixed variety traditional orchard will be supported by FiPL, including guards. Additionally, a cattle handling system has been purchased to support conservation grazing on herbal lays and wildflower meadows.
<b>MH070</b>	Deer High seats to woodland management	Private Individual	23/24	£530.00	✓		✓	✓		FiPL supported the purchase of 2 FY1 Deer high seats to facilitate deer control, in a woodland with high population of muntjac deer.
<b>MH071</b>	Deer high seats and equipment to support woodland management at Old Colwall House	Private Individual	23/24	£1,014.09	✓		✓	✓		FiPL has supported the purchasing of Deer High seats, wildlife cameras and bait stations to monitor squirrel and deer numbers and to facilitate management in several woodland blocks near Hope End Park.
<b>MH072</b>	Upgrading the Malvern Hills Trust Equipment	Malvern Hills Trust	23/24	£16,295.48	✓	✓	✓	✓		The project will support the purchasing the electric hand tools, footpath management equipment and a forestry mulcher for SSSI Management.
<b>MH073</b>	Restoration of Rose Farm Orchard	Netherley Estate	24/25	£21,005.20	✓	✓		✓		Planting of 64 TE3 fruit trees with sheep guards to restore the traditional orchard, along with hedgerow gapping up and fencing to protect newly restored hedging.
<b>MH074</b>	Hedgerow works at Woodfields Farm	Farming Business	24/25	£8,161.20	✓	✓		✓		The project will support the fencing of the one side of a newly laid hedge, through the MHO38 project, and will then further support the laying and fencing of additional length of hedging on the farm.
<b>MH075</b>	Hope End Park Restoration - T.M - Phase 1	Private Individual	23/24	£4,530.08	✓	✓		✓		Continuing with the recommendations from the MHO06 Hope End Park Management Plan, this project is to fence off a patch of woodland, to support scrub growth and woodland health.
<b>MH076</b>	Dingwood Park Recreation - Phase 3.1	Dingwood Park Farm Partnership	24/25	£8,340.75	✓	✓		✓		Following on with the restoration of Dingwood Park, the project supported the planting of a final woodland shelter

										belt, along with a length of hedge laying and fencing for hedgerow protection.
<b>MH080</b>	Species rich grassland restoration and orchard creation at Church Stile Farm	Private Individual	24/25	£21,533.26	✓	✓	✓	✓		The project consists of a variety of elements including, fencing, hedgerow works, orchard restoration and trees and 1.4 Ha of meadow restoration.
<b>MH081</b>	Footpath improvement gate at Heath Mill Farm	Private Individual	24/25	£342.00			✓			The project will see the implementing of a Bristol 2 - in - 1 gate for easier footpath use.
